ASIA SUMMIT ON GLOBAL HEALTH

Fostering Global Collaboration for a Shared Future

26-27 May 2025 • Hong Kong

www.asiasummitglobalhealth.com

Organisers

中華人民共和國香港特別行政區政府
The Government of the Hong Kong Special Administrative Region
of the People's Republic of China

Asia's Thought-Leadership Platform for Health Innovation and Investment

As an annual thought-leadership programme, the **Asia Summit on Global Health (ASGH)** brings together senior government officials, influential business leaders, investors, services providers and renowned academia to examine global trends in health innovation and investment, explore areas of global collaboration in the health arena and showcase new business opportunities and partnership for investors and project owners.

As the anchor event of **International Healthcare Week**, ASGH synchronises with various healthcare events across Hong Kong, such as conferences, seminars, and networking sessions, to promote cross-sector collaboration and dialogue.

Theresa Tse
Sino Biopharmaceutical
Limited

Distinguished Speakers' Insights

Most discoveries are made by young people. The importance of creating opportunities for young people to gain early independence and to be adequately supported to pursue their curiosity, in whatever direction that may take, is the key to success.

Prof Roger Kornberg
Nobel Laureate in Chemistry 2006;
Mrs. George A. Winzer Professor in Medicine
& Professor of Structural Biology
Stanford University School of Medicine

The power of global collaboration in determining genetic risk factors is really important. The larger the population that you can study, and the ability to identify subgroups of populations or different ethnic backgrounds, helps you understand genetics much more.

Prof Michael Hanna
Director of UCL Queen Square Institute of
Neurology
University College London

Hong Kong continues to be a crucial geographical hub for East Asia and ASEAN, playing a vital role in the advancement of science, technology, finance, and economies. I believe its significance will only grow in the future.

Yasushi Okada

to family names)

It was a privilege to be part of this successful event, and we are confident that the connections made will lead to significant advances in healthcare. We enjoyed the excellent topics and speakers, and the overall organisation of the event was impeccable. We found the conference highly valuable and had a wonderful time.

Dr Bettina Ernst

Director, Bernina BioInvest Ltd;
Vice President, Swiss Biotech Association

ASGH Exhibition and InnoHealth Showcase

Health innovation and technology companies, R&D institutions, incubation centres, start-ups, science/biotech parks and laboratories, services providers, investment agencies and government bodies from Hong Kong and overseas will showcase the latest health innovations and their unique capabilities at the ASGH exhibition and InnoHealth Showcase.

Side Visits to Health Clusters in GBA

Participants can opt to join a side visit to health clusters in Hong Kong or other Greater Bay Area cities to gain valuable insights into the latest developments in the healthcare and medical sectors in the region.

ASGH Deal-making

A unique deal-sourcing and matchmaking session connecting potential investors, including venture capitals, private equities, family offices and more, with project owners in the healthcare and medical sectors.

Project Pitching

To enhance business networking and increase exposure for fundraising initiatives, selected start-ups will participate in live project pitches. Additionally, the ASGH digital platform will feature videos showcasing the innovation and business progress of start-ups.

Who You Can Expect to Meet

- Investors and financial service professionals
- Business leaders and industry players from healthcare sectors
- Innovation and technology companies, start-ups and entrepreneurs
- Professional services providers
- R&D institutions, incubation centres, science/biotechnology parks and laboratories
- Researchers, academics and medical professionals
- Government agencies and regulators

Hear What Our 2024 Participants Say

ASGH provided a platform to connect with industry leaders and innovators from the Life Science sector, spanning Hong Kong and China, as well as the UK, Japan and Switzerland. It was an inspiring experience to see the industry's commitment to addressing the needs of an aging society and improving mental health care through digital platforms.

Chris Liu
Partner, MHA

I have been to many, many conferences of this type around the world, and I cannot remember one that was better organised or better run. The deal-making was very well attended compared to other events I've been to, and the pitching competition that I helped to judge was equally well run. I will definitely be back.

Kevin Smith
Co-founder, Coleid
